CHURCH

2018 Host Receiver Trip Survey

On behalf of Grace Church, thank-you so much for hosting the recent short-term trip led by *Team Leader 1 & Team Leader 2*

Grace sends teams for two main reasons:

1. To encourage and foster long-term spiritual transformation for each trip participant.
2. To serve our partners as they address "The Six Broken Places of the World" such as separation, isolation, pain, hatred, injustice, and decay.

As a result, we would love feedback on the trip leader, participants and experience. Hearing from you will help us make the necessary improvements and better equip and prepare teams. This feedback will be shared with the trip leader during the trip debrief.

Please respond to this survey by the end of next week. If there are any comments that you would prefer that we not share directly with the team leaders, please let me know and it will be kept confidential.

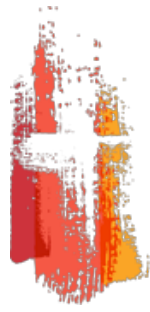

Again, we are so grateful for your partnership and the time, energy and resources that you provided and shared in order to host the Grace Church team.

Thank-you,

Grace Church Global Missions
